

On paragraph 31 about Climate Change, Costa Rica, on behalf of the Independent Association of Latin America and the Caribbean, AILAC, which is composed by the following countries:

Chile  
Colombia  
Guatemala  
Panama  
Paraguay  
Peru, and  
Costa Rica

Would to emphasize the following three priorities for our group:

- . The reference to the temperature goal of, 1,5 or 2 Degrees Celsius must be maintained in the paragraph
- . A reference to adaption as suggested by the G77 should be included
- . We support the language suggestion made by Peru on the COP 20 language on CBDR-RC (respective capabilities), in light of national circumstances.

Mr Chair, we, as other colleagues from Mexico and Belize on behalf of CARICOM, are supportive of the language you have suggested, and we have highlighted these points in order to contribute to building consensus on this crucial issue.
