

**QUESTIONNAIRE ON ISSUES RELATING TO THE ENVIRONMENTAL EFFECTS  
RELATED TO WASTE ORIGINATING FROM CHEMICAL MUNITIONS DUMPED  
AT SEA**

***Situation***

1. Is there an environmental risk for your country/region to be affected by waste originating from chemical munitions dumped at sea (WOCMDS)? If so, what are the environmental challenges and effects posed by WOCMDS?

Answer: N/A

2. Does the scientific community in your country/region examine the environmental effects related to WOCMDS? If so, what are the findings of such scientific researches?

Answer: N/A

***Response to incidents***

3. Does your country/region have the experience in responding to incidents related to WOCMDS?

Answer: N/A

4. Does your country/region have the capacity to respond to incidents related to incidents related to WOCMDS?

Answer: N/A

5. Has your government/organization developed an action plan or built capacities to respond to incidents related to WOCMDS? If not, does your government/organization intend to do so in the future?

Answer: No, we do not have such an action plan. We might discuss the matter in the appropriate forum to decide on the policy.

### ***Raising awareness and other actions***

6. Does your government/organization provide information on WOCMDS to civil society and industry? Does your government/organization raise awareness on WOCMDS and how?

Answer: N/A

7. Are there any partnerships between government, industry and civil society in your country/region on raising awareness, reporting and monitoring of WOCMDS?

Answer: N/A

### ***Cooperation***

8. Does your government cooperate with other States, regional and/or international organizations to assess or increase awareness of WOCMDS?

Answer: N/A

9. What would be, in your view, possible modalities for international cooperation to assess an increase awareness of WOCMDS?

Answer: Through continuous survey by the United Nation.
