

# Stakeholder Group on Ageing Suggested Changes to Goals and Targets

#### May 2014

#### Focus Area 1: Poverty eradication, building shared prosperity and promoting equality

- Target 'b': amend to: 'Reduce the proportion of people of all ages living below national poverty lines by 2030'
  - **Target 'c'**: amend to: 'By 2030, implement nationally appropriate **universal** social protection **floors**, **ensuring** coverage of the most marginalised.'

## Focus Area 3: Health and population dynamics

- Target 'c': amend to: 'Reduce by x% the risk of avoidable/preventable mortality from non-communicable diseases (NCDs), injuries and promote mental health, with a strong focus on prevention for all people of all ages.'
- Target 'd': amend to: 'Achieve Universal Health Coverage (UHC), including financial risk protection, for all people of all ages.'
- Additional new target 'i': By 2030 increase by x years healthy life expectancy at birth and at age 60.

### Focus area 4: Education and life-long learning

• Target 'd": amend to 'By 2030 achieve universal youth and adult literacy and numeracy, with particular attention to women of all ages and the most marginalized.'

### Focus Area 5: Gender equality and women's empowerment

- Goal: amend to: 'Attain gender equality and empowerment of women of all ages everywhere.'
- Target 'j': amend to: 'Promote the availability of gender and age disaggregated data to improve gender equality policies, including gender sensitive budgeting.'

### Focus area 8: Economic growth, employment and infrastructure

 Target 'b': amend to: 'Achieve full and productive employment and decent work for all people of all ages who seek employment including for marginalised groups by 2030.'

 Additional new target 'k': By 2030 people of all ages are provided access to education or vocational training, re-skilling or other means to retain their employability.

Focus area 15: Means of implementation/Global partnership for sustainable development

Target 'r': amend to: 'Substantially and progressively strengthen national, regional
and international capacities for sustainable development data collection, analysis,
reporting and utilization with a focus on generating timely and high quality data,
disaggregated by age and gender at a minimum.'
