

Venerable ^{President} Madama Javathi Mataraja, Minister of Environment and Forests, Dr. Chatterya and distinguished Shri Bhatnagar and members of the presidium.

I convey the appreciation of ~~the Mexican Minister of Environment and National Resources Genaro Llerenas~~ for the opportunity ~~that represents this high level meeting on Green Economy and Inclusive Growth~~ to further advance the understanding between our nations in view of the Rio +20 meeting.

My country is participating in a constructive manner and with a great hope in front of a unique opportunity to advance sustainable development, with the view of reduce environmental deterioration and, at the same time, eradicate poverty.

We are looking for a Summit oriented to a better future and to the reaffirmation of the agreement of the Earth Summit and the Johannesburg Conference, reaffirming their validity and enlarging their objectives and ambitions.

Rio +20 gives all of us the opportunity to strengthen the international cooperation, including public sources as well as a deeper participation of all sectors of society.

my country
high level meeting on
Green Economy and
Inclusive Growth
of the Rio +20
meeting

• not discriminatory
We are expecting of Rio+20 a result that
reaffirms our common commitment
with sustainable development under the
principle of common but differentiated
responsibilities and special national circumstances
of cover by proper ~~international~~ ^{national} indicators
Green economy is a tool to advance toward
sustainability and ~~we~~ ^{my country is} are convinced that
even in a ^{the present} difficult world economic situation,
adequate measures to protect climate and ~~environment~~
environment could, at the same time, reinforce
the social and economic objectives of each
nation, to achieve social equity and poverty
eradication.
