

KUWAIT VOLUNTARY NATIONAL REVIEW 2019

UN HIGH-LEVEL POLITICAL FORUM ON SUSTAINABLE DEVELOPMENT 17 JULY 2019, NEW YORK

ALIGNING THE NATIONAL PLAN WITH THE SUSTAINABLE DEVELOPMENT GOALS

GENERAL SECRETARIAT OF THE SUPREME COUNCIL OF PLANNING AND DEVELOPMENT

The transition from MDGS to SDGS 2030

The national vision of Kuwait

"[To] transform Kuwait into a financial and trade hub, attractive to investors, where the private sector leads the economy, creating competition and promoting production efficiency, under the umbrella of enabling government institutions, which accentuates values, safeguards social identify, and achieve human resource development as well as balanced development, providing adequate infrastructure, advanced legislation and inspiring business environment."

SDGs 2030 adaptation

- The State of Kuwait officially adopted SDGs in September 2015
- Took a decision reflecting all Goals: strategically and substantively in first national development plan of Kuwait Vision 2035

National SDG implementation committee

- Headed by the SG of the Supreme Council of Planning, with permeant membership of Central Bureau of Statistics and Ministry of Foreign Affairs
- Responsible for the national SDG monitoring framework for tracking the KPIs of the SDG.
- Oversaw the preparation and production of the SDG VNR
- 13 National Workshops, 25 official meetings, 66 entities, Statistical records platform

SDG alignment with government program, plan and masterplan

- SDG was adopted in September 2015
- SDG was aligned with KNDP in October 2015
- SDG was included in the Government Plan in early 2016
- SDG was integrated in the Kuwait Master Plan, Smart Kuwait 2040

Kuwait Sustainable Development Award (KSDA)

- Launched the Kuwait Sustainable Development Award (KSDA) in partnership with the private sector
- Under the patronage of His Highness the Prime Minister, awarded to private, public and civil societies
- One of the national platforms supporting the Government's Priorities and Development Plan

SDGS in focus – priority SDGs 2019

Education

- Launching an education reform program
- Sh. Sabah Al Salem University

Economic Growth

- Setting up the small and medium business incubators by the Ministry of Social Affairs to assist women going through financial hardships
- Establishing a direct investment promotion body

Reduced Inequality

 Offering social allowances, housing loans, and flexible working conditions and care for people with special needs

SDGS in focus – priority SDGs 2019

Climate

- Submitting the first and second national communication reports on climate change
- Completing the national action and adaptation plan, in cooperation with stakeholders

Institutions

 Establishing the Kuwait Anti-Corruption Authority, which will implement the Kuwait Integrity and Anti- Corruption Strategy

Partnerships

 Providing Official Development Assistance (ODA) at an average of 2.1 % of GDP, three times the agreed amount by donor countries

Kuwait's efforts in drafting the first (VNR)

- The Committee held its meetings on a regular basis (25 in total)
- Organized awareness workshops on various sustainable development goals of the State
- Organized 13 workshops for national partners on the achievement of the SDGs

Thank you

ENVIRONMENT PUBLIC AUTHORITY

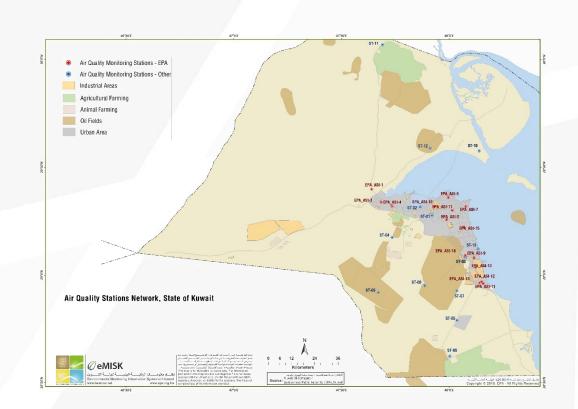

Mrs. Fatima Hassan Taher Head of Standards and Follow Up Environmental Status Section, EPA

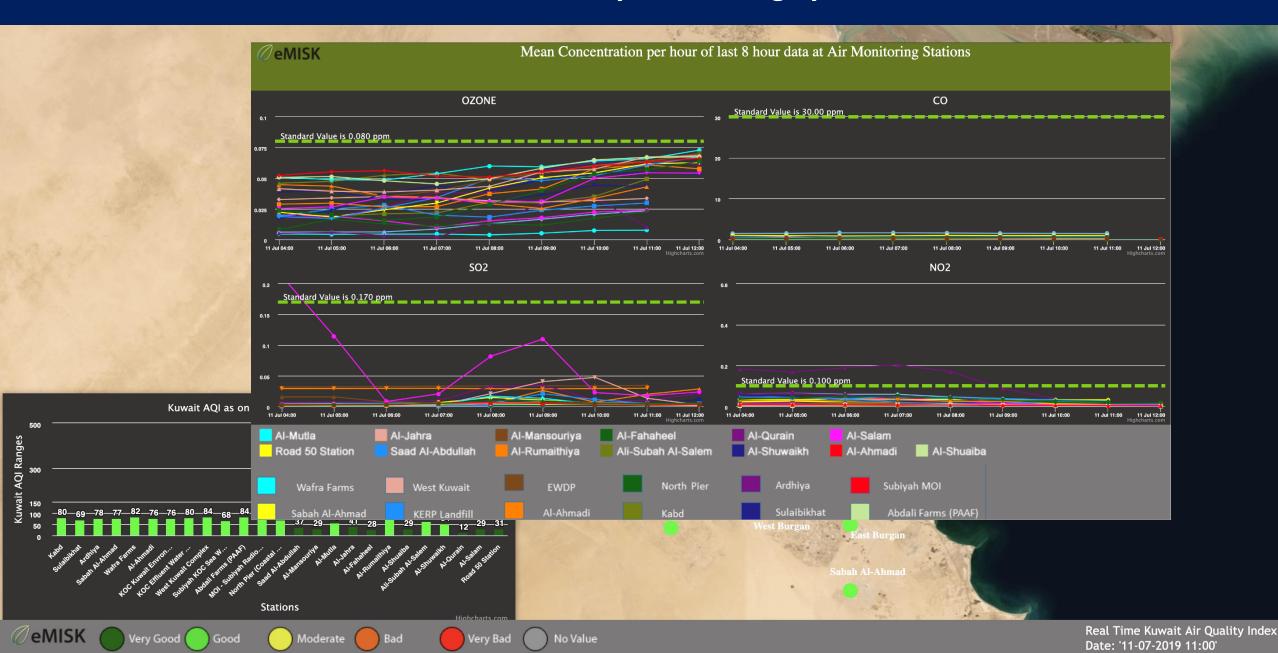

Background

- One of the first countries in the region to have established fixed stations to measure and monitor air pollution
- Kuwait EPA owns 15 air pollution monitoring stations distributed in urban areas
- Environment Protection Law No 42/2014 obligated competent authorities to establish monitoring stations at their sites linked with EPA systems increasing number of stations to 28

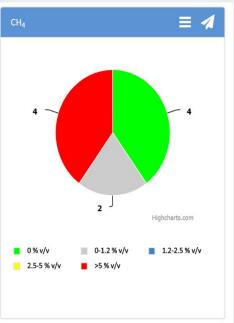

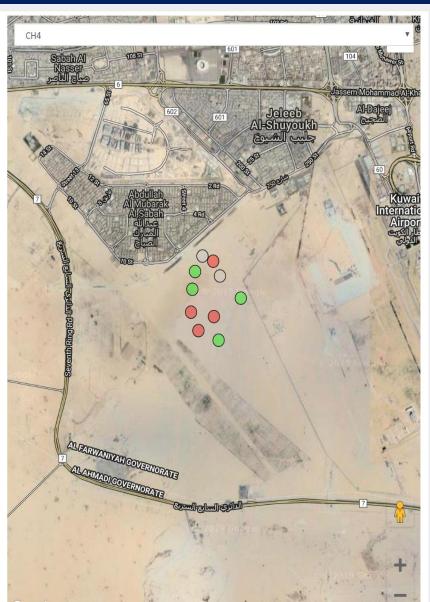

Online Air Quailty Monitoring System

KUWAIT FOUNDATION FOR THE ADVANCEMENT OF SCIENCES: NON-GOVERNMENTAL ORGANIZATION

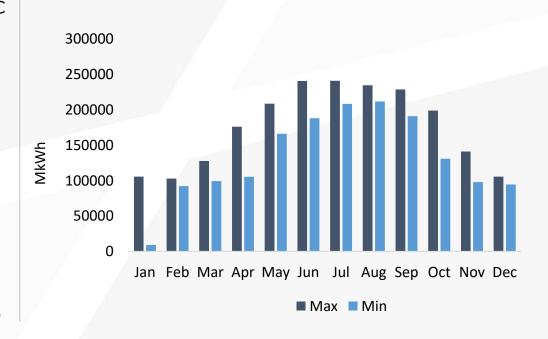

Shift towards renewable energy a national priority

- Kuwait is facing energy challenges as a result of high and rapid growth of domestic energy consumption, reaching 18% of its total primary energy production
- Adopting polices to support sustainable energy systems: in line with SDG 7
- The use of renewable energy is expected to reduce air emissions in line with SDG 13

Energy consumption (fossil fuel) Maximum & Minimum Load, 2017

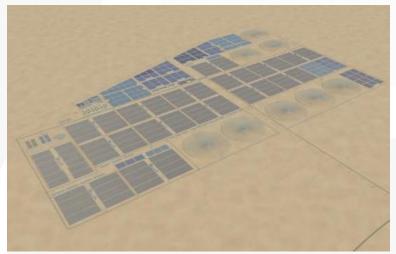

Achieve the goal of producing 15% of electricity by renewable energy resources by 2030

Renewable energy efforts to achieve 2030 target

- Shagaya Renewable Energy Park, Phase I:
 - PV (10 MW)
 - CSP with 10 hours thermal storage (50 MW)
 - Wind (10 MW)
- KFAS Pilot Project: RTPV
 - PV Systems for Selected 2 Co-ops (1 MW)
 - Building Integrated Solar PV for 150 Kuwaiti Homes (1.5 MW)
- KOC Sedra 500: PV 10 MW

Future Projects

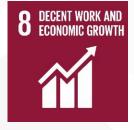

- Shagaya RE Park, Phase II:
 "Dibdibah" Solar Project
 - 1500 MW (To be implemented by KPC)
- Shagaya RE Park, Phase III:
 - 2430 MW (Private sector: 1500 MW)
- Kuwait National Development Plan: Implemented by the SCPD in collaboration with KFAS and KISR
 - PV in 10 co-ops and 1500 homes:15MW
 - Goal: all private homes rooftops (especially new cities) to have with RTPV

Thank you
