

**Proposed Targets on Co-Chairs Focus Areas by the delegation of  
Pakistan during the 10<sup>th</sup> session of the Open Working Group on  
Sustainable Development Goals**

**Focus area 1. Poverty eradication**

- Target 1: Eliminate by 2030, the extreme poverty (people living on US \$ 1.25 a day);
- Target 2: Reduce to half by 2030, the intensity of poverty based on nationally determined indices
- Target 3: Establish by 2030 sustained social protection floor against relative poverty

**Focus area 2. Sustainable agriculture, food security and nutrition**

- Targets 1: Doubling by 2030, in each country food production and global food production to ensure universal access to food.
- Target: 2 : By 2030, eliminating chronically malnourished people.
- Target 3: By 2030, ensure sustainable food production systems at the national levels with high yields and reducing the intensity of water, nutrients, and energy use by at least 25%.
- Target 4: By 2030, halt forest and wetland conversion to agriculture.
- Target 5: By 2030, ensure farming systems are resilient to climate change and disasters.
- Target 6: By 2030, ensure universal access in rural areas to basic resources and infrastructure services (land, water, sanitation, modern energy, transport, mobile and broadband communication, agricultural inputs, and advisory services).

**Focus area 3. Health and population dynamics**

- Target 1: By 2030, reducing by half the human and economic losses from water related diseases and disasters.
- Target 2: By 2030, introducing and implementing national water quality standards.

Target 3: By 2030, reducing by half the cost of acquisition of international patents by the developing countries on essential medicines and pandemics.

Target 4: By 2030, ensure universal access to basic health including maternal health.

#### **Focus area 4. Education**

Target 1: By 2030, provide and ensure completion of universal primary education with ability to read, write and count well enough to meet minimum learning standards;

Target 2: By 2030, Ensure every child, regardless of circumstance, has access to lower secondary education.

Target 3: By 2030, increase 50% the number of young and adult women and men with the skills, including technical and vocational, needed for productive job market and work.

#### **Focus area 5. Gender equality and women's empowerment**

Target 1: By 2030, ensure prevention of and elimination of all forms of violence against girls and women.

Target: By 2030, end child marriage.

Target 3: By 2030 ensure equal right of women to own and inherit property, sign a contract, register a business, open a bank account and secure credit.

Target 4: Eliminate discrimination against women in political, economic, and public life.

#### **Focus area 6. Water and sanitation**

Target 1: By 2030, achieve universal access to safe drinking water, sanitation and hygiene.

Target 2: By 2030, improve by 50% the sustainable use and increasing water productivity for economic growth.

- Target 3: By 2030, reduce wastewater by more than half and increase by more than half its reuse.
- Target 4: By 2030, increase resilience of countries, people and ecosystem to water related disasters, impacts of climate change.
- Target 5: By 2030, double the count of rainwater harvesting in all countries.

### **Focus Area 7. Energy**

- Target 1: By 2030, double the share of renewable energy global energy mix with emphasis on developed countries.
- Target 2: By 2030, ensure universal access to modern energy services in the developing countries.
- Target 3: By 2030, double the global rate of improvement in energy efficiency in both developed and developing countries.

### **Focus area 8. Economic growth**

- Target 1: Moving by 2030, at least 10 of countries from the World Bank's low, lower middle and middle-income category to a higher category.
- Target 2: By 2030, reduce by half, the debt stock of heavily indebted countries with more than 50% of debt-to-GDP ratio.
- Target 3: By 2030, double the share of manufacturing in GDP.
- Target 4: By 2030, double the share of value addition and local content in manufacturing sector.
- Target 5: By 2030, account natural capital as part of GDP calculation.

### **Focus area 9. Industrialization**

- Target 1: By 2030, doubling the share of industrial sector in the GDP of all developing countries.
- Target 2: By 2030, enhance 100% resource efficiency towards structural change and industrial development.

Target 3: By 2030, reduce by x% the rate of increase and intensity of carbon emissions from the industrial sector.

Target 4: By 2030, double the domestic processing of raw material and value addition in exports from developing countries.

Target 5: By 2030, significantly reduce dependence on export of a few commodities in the developing countries.

### **Focus Area 10: Infrastructure**

Target 1: By 2030, double the Internet penetration in all countries particularly the developing world.

Target 2: By 2030, climate and disaster proof all major road and associated infrastructure.

Target 3: By 2030, improve access of people to efficient transportation system within all major cities of the world and reduce by 50% reliance on personal transport.

### **Focus area 11: Employment and Decent Work for All**

Target 1: By 2020, evolve education to work transition policies to increase employment rates of young women and men including from vulnerable category.

Target 2: By 2030, double the increase in employment to population ratio by sex and disability.

Target 3: By 2030, increase by 10% the growth rate of GDP per person employed particularly through technological usage and re-skilling.

Target 4: By 2030, universalize collective bargaining and freedom of association coverage.

### **Focus Area 12: Promoting Equality**

Target 1: By 2030, half the gap between the income ratios of top 10% and bottom 40% of a country.

- Target 2: By 2025, affirmative actions in law and policies to reduce ethnic, religious, gender and disability based discrimination.
- Target 3: By 2030, increase migration flows by 10% particularly of skilled labour from lower income countries to higher income countries.
- Target 4: Reforming by 2020, the international rules on trade, business accounting and intellectual property to ensure consistency with the achievement of SDGs.

### **Focus Area 13: Sustainable Cities and Human Settlement**

- Target 1: By 2030, halve the population living in slums around major cities.
- Target 2: By 2030, reduce by halve the rate of growth of use of personal vehicle and replace it with affordable and safe public transport.
- Target 3: By 2030, ensuring all major cities to become disability friendly and offer economic opportunities to them.
- Target 4: By 2030, increase by 20% the number of cities adopting and implementing policies and plans towards resilience and adaptation to climate change.

### **Focus Area 15: Climate**

- Target 1: By 2020, global carbon emissions have peaked and by 2030, the atmospheric contents of carbon have stabilized to an acceptable level.
- Target 2: By 2020, the goal for meeting mobilization of US \$ 100 Billion is met.
- Target 3: By 2030, carbon intensity from global energy consumption is reduced by 20%.
- Target 4: By 2030, ensuring 50% of international climate finance resources are allocated to adaptation actions.

### **Focus Area 17: Ecosystem and Bio-diversity**

Target 1: By 2030, reduce to zero the annual rate of loss of forests.

Target 2: By 2020, establish a national standard for natural capital accounting and by 2030 establish a harmonized and global accounting of natural capital

Target 3: By 2020, integrating sustainable resource use into national development models and accountability mechanisms for the private sector.

### **Focus Area 19: Peaceful and non-violent Societies, rule of law and capable institutions**

Target 1: By 2030, all citizens must have equal access to justice.

Target 2: By 2020, all countries should create provision of effective public prosecution system to aid vulnerable and poor peoples access to justice.

Target 3: By 2030, law and regulations at the national level are enacted to ensure local level governance.

Target 4: By 2030, reduce by 100% average duration of decisions on criminal and civil cases.

Target 5: by 2020, all stakeholders under a given SDG have access to official data, reports and on progress with ability to comment and challenge.

Target 6: By 2020, reduce by 50% public perception and cases of corruption in public procurement (baseline 2015).

Target 7: By 2020, all citizens have proper identity that would enable them to access microfinance or credit with gender disaggregation.
