

Adding Geography to Administrative Data

Disaggregation with Spatio-Temporally High Resolution and Global Coverage Remote Sensing Data

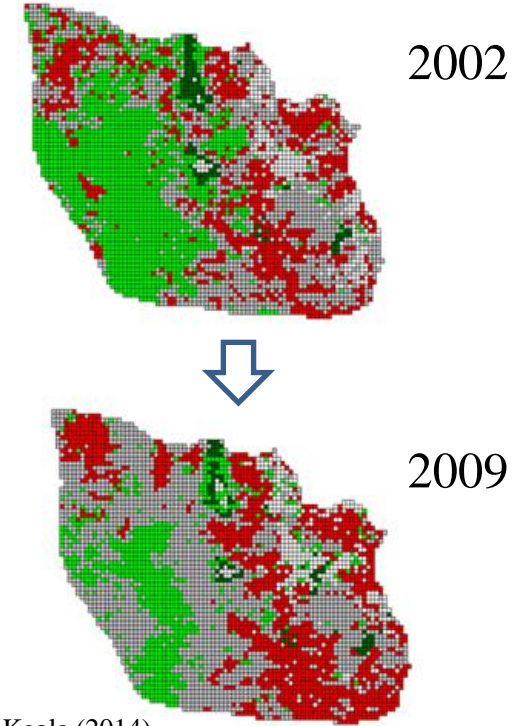

Annual Average Agricultural Growth in Indochinese Peninsula (2002-2009)

Source: Estimated by Keola et al.(2014).

Note: White: -0, Yellow: 0-0.025, Green: 0.025-0.05, Red: 0.05-0.075, Blue: 0.075-.

Land Cover Change of a District in Lao PDR

Source: Keola (2014).

- ➔
- (1) Account for changes in a more sensible manner
 - (2) Better view of limit and substitutability of resources
