

# Discussion of the Prototype Global Sustainable Development Report

Dr. E. William Colglazier

Science and Technology Adviser to the  
U.S. Secretary of State

July 1, 2014

# Suggestions

- Strategic choice of topics for future reports
- Align with the future SDGs and information needs of countries for reevaluating programs
- Rigorous, transparent process with independent scientific review for choosing topics and producing future reports
- Process for identifying emerging issues and cutting-edge research
