SCP relevance in the SDGs

Secretariat

- Since Rio 1992: SCP is an overarching objective and an essential requirement for Sustainable Development
- SCP to SDGs: SCP is ***transformative, universal*** and ***central*** to SDGs, **from commitment to targeted actions**
- SCP life-cycle approach: **integrative framework connecting relevant Goals and targets, NOT in “Silo’s”**

Notes:

Recent documents to support the feasibility of SCP as **core** in SDGs

- Report from the 10th session of Open Working Group on SDGs
- **10YFP Board document: “Potential contribution of the 10YFP SCP programmes to the SDGs”**
- 10YFP UN Inter-Agency Coordination Group: **“SCP in the SDGs”**.

Some Challenges

Secretariat

- Identifying **areas of cooperation and synergies**, including amongst 10YFP programmes and cross-sectoral actions, to ensure a wider **collective impact and resource mobilization**.
- **Identifying other priority themes** for the 10YFP
- **Showcasing**, via 10YFP programmes and country experiences, achievement of **tangible results** to the society , the economy , and the environment

Some Opportunities

Secretariat

- **Sustainable supply chains** : engage the private sector to create strong “push” in the market
- **Sustainable public procurement and Consumer information** : engage the government and consumers to create strong “pull” in the market.
- **Innovation** and new thinking to **leapfrog** to SCP patterns.
- **Policies and joint planning and implementation** to generate **financial investments**.
