*\*This is a category that wishes to give voice and include representatives of the organized major groups and other stakeholders from other UN processes and agendas that are also expected to report through the HLPF. Participation in the Steering Group would require a submission of a letter from the stakeholder mechanism and/or the respective secretariat confirming the nomination of focal point and alternate, who have been through the necessary internal consultation and decision-making process. Besides, it is required that the focal point and alternate are from different organizations and constituency. Admittance under this category will be subject to a joint decision of the existing STEERING GROUP, including demonstrable governance requirements placed on existing members, particularly as outlined in V.6 below.*

5. The composition of the STEERING GROUP will, as much as possible, ensure regional and gender balance among its members.
6. All members of the STEERING GROUP must have clear governance structures, consultative processes, and meaningful accountability mechanisms towards their membership as per DESA and additional jointly agreed requirements, including how these organising partners and/or focal points are elected, selected, or appointed, as well as provide some type of governance reporting.
7. Members of the STEERING GROUP may produce joint statements and take joint advocacy action in order to facilitate the participation of MGoS at the HLPF.

8. The STEERING GROUP will meet on a regular basis as needed. Remote participation will be possible for those unable to attend in person.

The CO-CHAIRS should be composed of 2 representatives: 1 from a major group and 1 from a stakeholder group, rotated on a yearly basis, with the term of the representative from the major group starting 1 February and ending 31 January of the following year and the term of the representative from a stakeholder group starting 1 August and ending 31 July of the following year. The incoming CO-CHAIRS will be elected by members of the STEERING GROUP a month before the respective terms of office. The CO-CHAIRS will be responsible for, among other tasks:
  - a. Proposing meeting agendas, including for the annual review meeting of the full membership of the Coordination Mechanism;

10. Each STEERING GROUP member has one vote. The STEERING GROUP aims to make decisions based on consensus; however, if consensus cannot be reached, a vote will be conducted. The simple majority of the votes prevails. STEERING GROUP members must attend at least *two-thirds* of the meetings during a six months period in order to be able to exercise their vote and they must demonstrate engagement. The CO-CHAIRS are expected to keep records of member participation.
11. The STEERING GROUP, or upon suggestion of any member of the Coordination Mechanism submitted to it, may create subcommittees for specific collective tasks, and thematic groups for coordination of substantive ongoing thematic areas with members of the broader COORDINATION MECHANISM. These subcommittees will carry out their work and report back directly to the STEERING GROUP. Subcommittees will operate under the auspices of the STEERING GROUP, which will transmit results and recommendations, once approved, to the COORDINATION MECHANISM. Subcommittees can be disbanded by the STEERING GROUP, as and when appropriate.
12. Minutes of all meetings of the STEERING GROUP will be publicly available.
13. The list of the members of the STEERING GROUP (representatives and alternates) will be publicly available.

An open and transparent call for speaker nominations will be facilitated by DESA/DSD. The STEERING GROUP shall review nominations and select these speakers, panelists, and moderators. Specific criteria for selection will be set by the STEERING GROUP accordingly. Selection processes shall not preclude, unbalance, or compromise the engagement of MGoS, especially those with lower financial capacity.
