

Intervention

Delegation of the Republic of Indonesia at the sixth intergovernmental negotiations on the Post-2015 Development Agenda “Means of Implementation”

June 25, 2015

Mr. Co-facilitators,

First of all I would like to associate my statement with the statement by the distinguished representative of South Africa on behalf the Group of 77 and China.

With regard to the Mol, I would like to reiterate our view delivered last Monday that the outcomes of the Third International Conference on Financing for Development should never perceived as the substitution of the Goal 17 of the SDGs or as the “Mol pillar of the post-2015 development agenda” or “Mol placeholder”, but rather to contribute as an important complimentary element in the post-2015 development agenda process.

Mr. Co-facilitators,

We comment your approach in preparing Chapter II on Means of Implementation and the Global Partnership, as it stands now. We see favorably to paragraphs 1 to 8 under this chapter, as the introduction to the Mol and Global Partnership chapter. We are of the view that this part still lacks a solid reference to Global Partnership, and like others we are of the view that Global partnership based on MDGs 8 should be reflected here.

We also welcome the inclusion of the goal-specific Mol as agreed in the OWG SDGs Report.

We are of the view that the reflection of these Mol-specific goals will serve as a good basis in further integrating the Third FFD Conference outcome in the context of post-2015 development agenda.

We are of the view that the FFD Outcome should complement the Mol-specific goals. We will also need to ensure that all Mol-specific goals in the SDGs including in

Goal 17 are fully equipped with appropriate resources and action to ensure its concrete implementation.

With regard to how to reflect the FfD Outcome in the zero draft, like others we are quite flexible to discuss how to reflect the outcome in the document

I thank you Mr. Co-Facilitator.
