• Education, language, job skills, training
Existing, Emerging, Innovative Approaches of Partnerships

• Cross-Sectoral Approaches:
  • Bring in the corporate sector at the beginning, define the vision and set expectations together
  • Leverage core assets and expertise from the private sector
  • Convener role

• Challenges
  • Funding continuity
  • Donor unmet expectations
  • Measurement is difficult

• Policy Implications
  • Efficiency and effectiveness requires more flexible approach by stakeholders
Why is this Important to Us?

• SDG ICT Playbook
