# Philanthropy & the SDGs

ECOSOC CHAMBER | TUESDAY 16 JULY 2019 | 10 A.M. - 1 P.M.

# Programme

# Welcome to the first ever Special Event on Philanthropy and the SDGs!

The 2030 Agenda and its 17 Sustainable Development Goals (SDGs) adopted by Heads of State and Government in 2015 represent an unprecedented global consensus on our shared responsibility in global development.

This is a collective journey towards ending poverty and hunger everywhere, towards combating inequalities within and among countries, towards peaceful, just and inclusive societies, towards gender equality and the empowerment of women and girls, towards lasting protection of the planet, its biodiversity and natural resources, towards shared prosperity and decent work for all, towards a future with no one left behind.

Philanthropy has long been supporting many of these good causes, with significant impact around the world. Many of you are also among the early embracers of the SDGs. We are excited to have created a dedicated space in the margins of the High Level Political Forum on Sustainable Development this year to highlight philanthropic engagement in the implementation of the 2030 Agenda.

We hope to recognize the many ways that philanthropy is contributing to global development. As advocates, philanthropy can support awareness raising through the integration of the SDGs into programming efforts and through thought leadership of collective platforms. As impact drivers, philanthropy can catalyze change and generate impact through big bets, collective action, cross-SDG partnerships. As innovators, philanthropy exhibits a great willingness to test new ideas, adopt innovative approaches, forge new coalitions and help de-risk investments. We also hope that together we can identify opportunities to further scale up philanthropic leadership and transformational action to accelerate SDG implementation in the next decade.

Finally, we would like to thank the SDG Philanthropy Platform (Rockefeller Philanthropy Advisors), the European Foundation Centre, Synergos and the United Nations Foundation for their close collaboration on this Special Event. Without their support, we will not be able to bring such a diverse group of movers and shakers from around the world.
