

# **SECURE OUR FUTURE!**

**Will you be the first generation that makes a change or  
the last generation that doesn't?**

# Turning the **CO<sub>2</sub> troll** to stone

© Brian Pilkington

CarbFix is the industrial process to capture CO<sub>2</sub> and permanently store it as rock in the subsurface

Storage capacity  
larger than  
emissions from  
burning all fossil  
fuel on Earth
