Air transport – a *catalyst* for Sustainable Development

- **Facts:**
 - Global economic impact of US\$2.7 trillion
 - Creation of employment with 62.7million jobs/year
 - Infrastructure investments USD 37billion/year
 - Over half of 1.1 billion tourists/year travel by air
- For countries in special situations aviation represents an essential lifeline to facilitate trade and foster development.

APSD Next Steps

- Development of a framework for action:
 - to accelerate the inclusion of aviation in national development plans.
 - Insure that air transport system is compliant with ICAO requirements.
- Work with partners and Member States to facilitate implementation, monitor results and report back.
