TEXTO	Part One				
Primera Parte	Ecuador, el país de los cuatro mundos en un solo lugar, es un destino único en Latinoamérica donde la naturaleza y la cultura conviven en armonía pura. Nuestra ubicación privilegiada en el planeta, atravesada por la cordillera andina, con paisajes que impresionan en cada amanecer, enriquecida con aguas que albergan tiburones y con tierras donde habitan tortugas gigantes, guarda la mayor biodiversidad del mundo. Este es un territorio de oportunidades, con importantes recursos, con hermosas ciudades llenas de historia y gente emprendedora comprometida con el desarrollo.	Ecuador, the country of four worlds in just one place, a unique destination in Latin America where nature and culture coexist in perfect harmony. Our privileged location on the planet, crossed by the Andean mountain range, with impressive landscapes, enriched with waters hosted by sharks, and territories inhabited by giant tortoises, is home to the greatest biodiversity in the world.	This is a territory with opportunities, with significant resources, beautiful cities filled with history and with entrepreneurial people fully committed to development.	We are a plurinational and multicultural State strengthened by national unity and dialogue, working towards a more equitable society, identifying and addressing the needs of its citizens throughout their entire life cycle.	The National Development Plan 2017 - 2021 "Toda Una Vida" (A Whole Life), is our planning tool aligned with the 2030 Agenda enacted as public policy in Ecuador. We work towards reaching a sustainable development, achieving poverty eradication, promoting sustainable economic growth, and reducing inequality gaps.
