Medium Term Development Strategies
- MTDS (2005-2010)
1. **NSDS Status and Milestones**

- **1990** PNG formally acknowledged the definition of Sustainable Development
- **1992** PNG Delegation to Rio and signed the Rio Declaration
- **1992** Post UNCED Seminar (November) in Waigani
- **1993** Waigani Seminar on Environment Development
- **1994** Draft recommendations for NSDS Government endorses NSDS process & NSDS Task Force established
- **1995-2005** In PNG a Specific NSDS is absent. However, current government MTDS feature elements of what should amount to a NSDS.
2. Aims of NSDS or EQUIVALENT (Medium Term Development Strategy)

- Papua New Guinea’s overarching development plan for economic and social development in harmony with environmental considerations. Approved by the NEC in November, 2004.

- Integrates the themes and considerations originally intended for the National Sustainable Development Strategy (NSDS), MDG and the National Poverty Reduction Strategy (NPRS).

2. Aims of NSDS or EQUIVALENT/ (MTDS) (cont)

- To ensure ownership of and commitment to MTDS, extensive consultation was required between three levels of Government.

- Consultative Implementation and Monitoring Council (CIMC) Development Forums involving the Private sector, NGO’s and the Civil Society.
2. Aims of NSDS or EQUIVALENT/ (MTDS) (cont)

- MTDS Objective

“Ultimately, the MTDS lays out the road map for Government to facilitate private sector driven economic growth, which is critical to improving the living standards and quality of life of ordinary Papua New Guineans”

3. Participation (P) of Stakeholders

- Corporate developers exercise P as part of their corporate social responsibility
- Legislation for stakeholder participation
  - Mining Act 1991 (Landowners)
