

WHERE WE ARE?

- 8 sessions of stocktaking behind us
 - Over 50 expert presentations
 - 29 UN system issues briefs
 - 27 statistical annexes
 - Hundreds of statements and interventions
 - Over 200 side events
- We need to build on this good foundation and shared evidence-base

19 FOCUS AREAS

- We need an ambitious,
transformative vision
- Need a sense of **urgency**
- Objective: help consensus building. Not a zero draft.
- 19 focus areas provide a start and guidance; attempt to condense previous discussions
- Ordering based on a working logic: clustering of social, econ, env issues
 - Not cast in stone
 - step-by-step approach, listening to all voices

GUIDING PRINCIPLES

- Need to tackle unfinished business of the MDGs
- Aspirational
- Balance all 3 dimensions of SD in action areas
- Universality – we all have work to do
- Time-bound goals until 2030

WHAT NEXT?

- We need to provide a **concise** proposal on SDGs
- How to address **interlinkages** between issues?
- **SDGs cannot tackle everything**
 - need to keep in mind other processes

UPCOMING DAYS

- **Everybody's opinion is important:** Please keep your interventions to 5 minutes
- Share your **priorities**, views on **interlinkages** and on how to **focus** our work
- Fact-based discussions towards **concrete goals and targets**
