

**United Nations Inter-agency Working Group
on a Technology Facilitation Mechanism**

SIDE EVENT

**Briefing for Member States
on the UN System's work in support of a possible
Technology-facilitation Mechanism**

Date: Monday, 22nd June, 2015

Time: 13:15 – 14:30 p.m.

Venue: Conference Room 7, Conference Building,
UN Headquarters, New York

The purpose of the side event is to inform Member States of the progress to date of the Inter-agency Working Group (IAWG) on the mapping of technology initiatives, developing options for an online knowledge- and information-sharing platform, and enhancing coordination and coherence of UN system work on science, technology and innovation.

The event will provide an opportunity to highlight how the UN system stands ready to deliver as one in supporting implementation of a possible Addis decision on a global technology facilitation mechanism in support of the SDGs and the post-2015 development agenda.
