PCC is crucial for SDG implementation:

1. Clarify role of Ministries (who leads-supports)?

2. improve credibility and competence of government in its dialogue with domestic and international stakeholders

3. design and manage consistent inter-ministerial SDG policy cooperation based on policy coordination and consultation mechanisms

4. ensure effective SDG implementation of SDGs at national level with adequate monitoring for constant SDG policy updating and fine-tuning
Integrating SDGs into the Swiss Strategy of Sustainable Development

Implementation of SDGs into Swiss Federal Policy

1992  UN Ministerial on Environment & Development, signing of Agenda 21
1993  Interdepartementall Taskforce on SD
1997  1. Strategy SD
1999  Insertion of SD strategy into Swiss federal constitution
2002  2. Strategy SD
2008  3. Strategy SD
2012  UN summit on SD (Rio+20), resolution on SDGs
2012  4. Strategy SD
2016  5. Strategy SD
Functioning of Swiss SD Strategy

- "Meta-Strategy" from perspective of Federal Government
- Wholistic, not sectoral approach
- Integration of SD into all sector policies of federal government
- Policy coherence regarding SD
- Implementation of SD strategy by officers in charge of SD related policies at federal level and in close cooperation with cantonal (provincial) and municipal entities and other stakeholders
National Stakeholder Dialogue as basis for Swiss SD strategy 2016-2019

• Stakeholder-Discourse to generate basis for Swiss SD Strategy
  • Vision (based on guidelines of Swiss SD policy and sector specific visions)
  • Goals (based on visions and the SDGs, coordinated, time horizon 2030)
  • Actions at level of Federal government (Strategies, programme, laws) time horizon 4 years
Goals of Swiss SD 2016-2019

- Development of clear goal priorities in favour of Swiss SD
- Making contribution to the achievement of the SDGs at global level
- Ensuring most optimal orientation of the SD implementation (monitoring, reporting)
- Making indicators more measurable of SD
- Focus of action plan on those goals where improvement is most needed.
- Orientation support for institutions external to federal government
The Basic principles for the allignment of Switzerland‘s SD strategy to DGs.

- **Implementation**: The new time frame of the SDGs have to be included in Switzerland‘s national and international strategies, programmes and policies.

- **Coordination**: To ensure successful implementation, there is need for an overall institutional office in charge of coordination of SDG policies and for allignment of Swiss SD strategy with international SD processes.
Implementation of the SDGs in context of Swiss SD Strategy
1. Phase 2015/16

**Implementation of alignment of Swiss SD strategy with SDGs**

- Creating Reference to SDG Agenda
- Allignment of content and structure of action plan according to SDGs
- Setting Priorities of action plan regarding goals
- Setting basis for national Monitoring and Reporting system
- Preparing transformation phase (e.g. Reviewing- assessing)
2. Phase 2016-2017

Setting basis, processes and structures

- Clification of role of Swiss SD strategy: identify main priorities and supportive roles and functions of Swiss SD
- National SDG organisational structure
- Baseline Assessment: Identification of gaps and closing of gaps
- Designing Monitoring and Reporting also at international level and finalizing SDG indicators
- Inclusion of stakeholders
Starting of implementation

- Consolidation and start of action within the agreed processes and structures
- Elaboration of Swiss SD strategy 2020-2014
- SDG Reporting with highest possible synergies and agreement of stakeholders
