Stakeholder Group on Ageing
Suggested Changes to Goals and Targets

May 2014

Focus Area 1: Poverty eradication, building shared prosperity and promoting equality

- **Target ‘b’**: amend to: ‘Reduce the proportion of people of all ages living below national poverty lines by 2030’
- **Target ‘c’**: amend to: ‘By 2030, implement nationally appropriate **universal** social protection **floors**, ensuring coverage of the most marginalised.’

Focus Area 3: Health and population dynamics

- **Target ‘c’**: amend to: ‘Reduce by x% the risk of **avoidable/preventable** mortality from non-communicable diseases (NCDs), injuries and promote mental health, with a strong focus on prevention for **all people of all ages**.’
- **Target ‘d’**: amend to: ‘Achieve Universal Health Coverage (UHC), including financial risk protection, for **all people of all ages**.’
- **Additional new target ‘i’**: By 2030 increase by x years healthy life expectancy at birth and at age 60.

Focus area 4: Education and life-long learning

- **Target ‘d’**: amend to ‘By 2030 achieve universal youth and adult literacy and numeracy, with particular attention to women of all ages and the most marginalized.’

Focus Area 5: Gender equality and women’s empowerment

- **Goal**: amend to: ‘Attain gender equality and **empowerment of women of all ages everywhere**.’
- **Target ‘j’**: amend to: ‘Promote the availability of gender and age disaggregated data to improve gender equality policies, including gender sensitive budgeting.’

Focus area 8: Economic growth, employment and infrastructure

- **Target ‘b’**: amend to: ‘Achieve full and productive employment and decent work for all **people of all ages** who seek employment including for marginalised groups by 2030.’
• Additional new target ‘k’: By 2030 people of all ages are provided access to education or vocational training, re-skilling or other means to retain their employability.

Focus area 15: Means of implementation/Global partnership for sustainable development

• Target ‘r’: amend to: ‘Substantially and progressively strengthen national, regional and international capacities for sustainable development data collection, analysis, reporting and utilization with a focus on generating timely and high quality data, disaggregated by age and gender at a minimum.’
