Good Practices and Partnerships for Sustainable Waste Management

Sponsors: Ministry of Environment Sweden, UNEP

Course Instructor:

Mushtaq A. Menon, UNEP

Synopsis:

This course will examine methodology developed for waste management, including for Integrated Solid Waste Management (ISWM) and addressing specific waste streams, such as e-waste and agricultural waste. It will also provide an opportunity to examine the results of past experiences through case studies as well as an exchange of views on how to replicate and up-scale good practices, and promote collaboration through partnerships.

Topics covered include assessment of waste management systems/practices; targets and stakeholder concerns for ISWM; and developing an ISWM Plan. Case studies in specific countries in Europe, Asia and Africa will be analysed.
