Conference Room B

Thursday 5 May 2011

10:00 – 11:30 am

Implementation of the 10YFP: A Global Research Forum on Sustainable Production and Consumption

Sponsor: Integrative Strategies Forum

Course Instructors:

P. J. Vergragt, Clark University, USA

L. Akenji, Institute for Global Environmental Strategies

J.Barber, Integrative Strategies Forum

Synopsis

This session aims at:

- (i) providing participants with a background on the 10 Year Framework of Programs and the current debate and option;
- (ii) examining the “state of the art” of SCP research;
- (iii) exploring options for the SCP research agenda;
- (iv) identifying perspectives and methods in bridging SPC research and its application policy and practice.

The session will include focused discussions and exploration of the role, functions and strategies for SCP research in the next ten years, particularly considering implementation of the 10 Year Framework of Programs.
