Dr Ivan Vera

Dr. Ivan Vera has worked as an energy planner for the Planning and Economic Studies Section of the International Atomic Energy Agency (IAEA) since 2001. At the IAEA, he has been the manager of several international projects and studies related to energy indicators for sustainable development and to national energy assessments for sustainable development. Also, he has conducted technical cooperation and capacity building projects in several countries in Latin America. Previously, Dr. Vera worked for the OECD Nuclear Energy Agency as an administrator and scientific secretary of the Uranium Group; for the US Department of Energy as a research engineer; and for the Central Thermoelectric Plant of Venezuela as a chief unit engineer. Dr. Vera holds PhD and MS degrees in energy management and policy from the University of Pennsylvania.
