

## Flemish Climate Policy Plan 06-12

The climate is changing.  
Are you changing too?

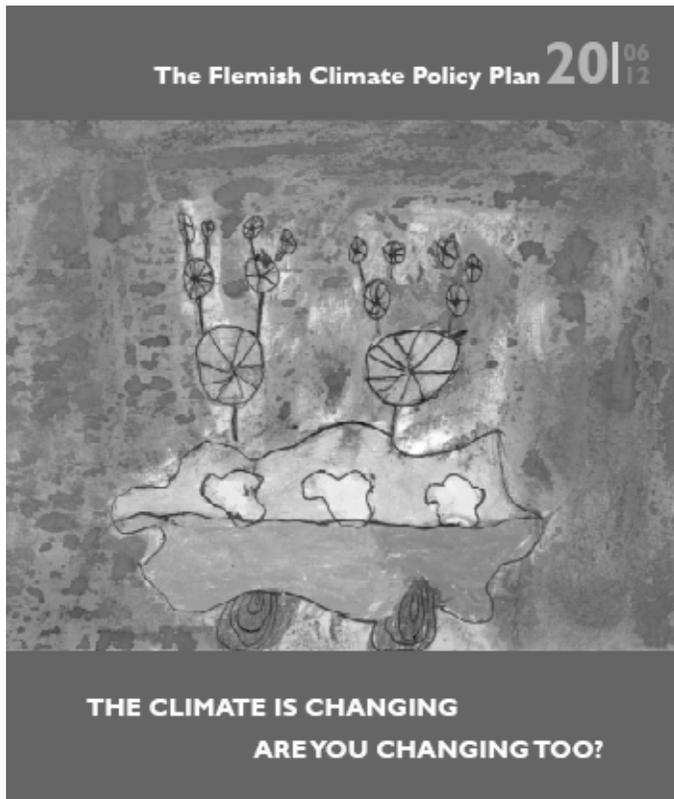

## nrg4SD

### 1. nrg4SD – Network of Regional Governments for Sustainable Development

- Johannesburg 2002 – Gauteng Declaration
- Global organisation
- Flanders is co-founder
- Share information and experience about SD policy-making at the regional level of governance
- For more information: [www.nrg4sd.net](http://www.nrg4sd.net)

# Content

- 1. Key elements**
- 2. Communication campaign**
- 3. Flemish Climate Conference**

# 1. Key elements

## Flemish Kyoto target

- Belgian Kyoto target: -7.5%
- Flemish reduction target: average of -5.2% in period 2008-2012 compared to 1990 level (83 Mton CO<sub>2</sub>eq)
- 2005 emissions +1.9% above 1990
- REF scenario: growth of GHG emissions with 18% by 2012 compared to 1990

=> Challenge to reduce annually 22.2 Mton CO<sub>2</sub>eq

# Key elements

## 10 strategic elements

with overall target (cap in Mton CO<sub>2</sub>eq ) and specific objectives (%, ton-km, MWe...)

### *5 sectoral topics*

- Towards climate friendly and sustainable mobility
- Rational energy use in buildings
- Sustainable and low carbon energy supplies
- Industry and climate: a result oriented equilibrium exercise
- Sustainable agriculture and forestry

## Key elements

### *5 horizontal topics*

- Innovation and research
- Communication and information
- Use of flexibility mechanisms
- Adaptation
- The exemplary role of the government

The birds really  
like our kite-flying cars

Helina Van Cleemput, 7

+ Policy preparations for post  
2012 regime

# Key elements

## Impact

- 81% of Kyoto gap closed with internal measures
- Remaining 4.3 Mton CO<sub>2</sub> eq yearly by use of flexible mechanisms

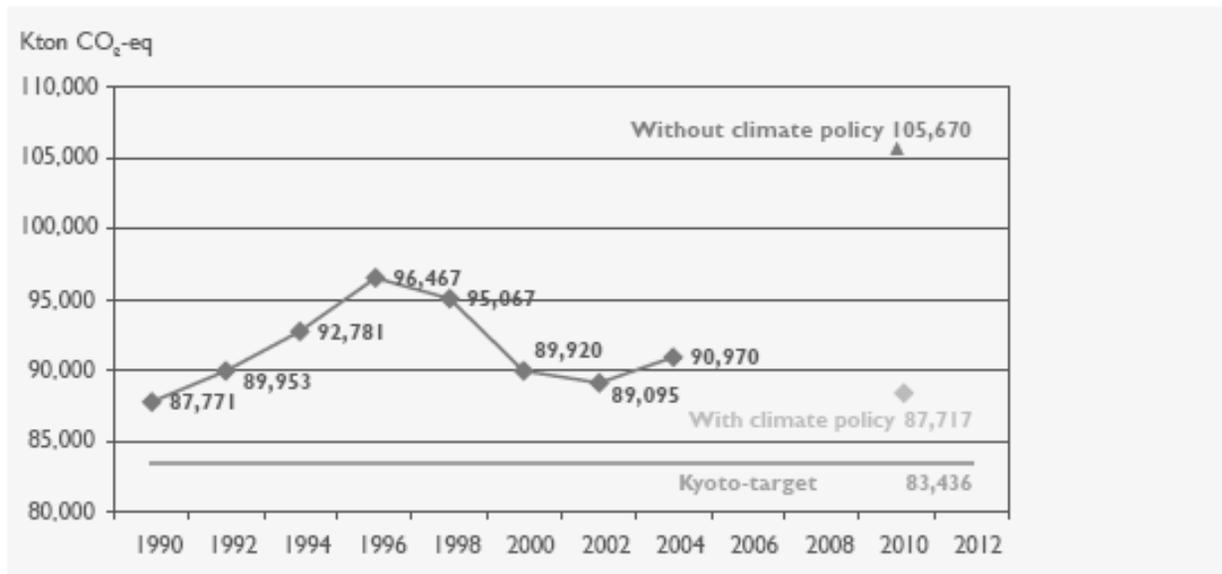

Figure 7: The impact of the internal Flemish climate policy

## 2. Communication campaign

### Brochure

- Summary of the plan with focus on needed actions by citizens
- Introduction of ton-contract

### CO<sub>2</sub> calculator available on website

## 3. Flemish Climate Conference

- **Broad participatory consultation process with all relevant stakeholders on the 10 strategic topics of the plan (300 experts involved)**
- **Started June-Oct 05, in the preparation phase of the FCCP2**  
**=> 365 recommendations for FCCP2**
- **FCCP2 recognizes importance of process and several working groups continue**
