The background image is a scenic landscape. On the left, a dense forest of tall evergreen trees stands on a grassy bank. The water in the foreground is calm, reflecting the sky and the distant city skyline. The city skyline, visible on the right, consists of numerous modern high-rise buildings. The sky is overcast with grey clouds. The overall mood is serene and balanced between nature and urban development.

Sustainable Cities and Communities

Our motives

Explanation on Goal 11

Make cities and human settlements inclusive, safe, resilient and sustainable.

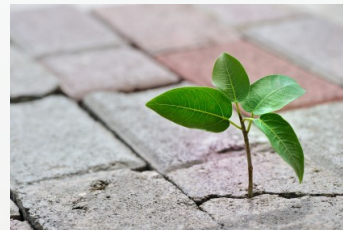

inclusive

safe

resilient

sustainable

Detailed objectives

World's
heritage

Strengthen efforts to protect and safeguard the world's cultural and natural heritage.

Adverse
impact
of city

Reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management.

Detailed objectives

World's heritage

It urged the enactment of a special law on the conservation, management and utilization of the world's cultural heritage.^[1]

Adverse impact of city

The government operates a circulating resource information center.^[2]

Correlations with other SDGs

A scenic view of a city skyline reflected in a body of water. The foreground shows a rocky shoreline with green moss and algae. The water is calm, reflecting the city buildings and the forested shoreline. The sky is overcast with grey clouds. The text "Q & A" is centered in the middle of the image.

Q & A

A scenic landscape photograph featuring a calm body of water in the foreground, reflecting the surrounding environment. On the left, a dense forest of tall evergreen trees stands on a shoreline. In the background, a city skyline with various skyscrapers is visible across the water. The sky is overcast with grey clouds. The text "Thank you for your attention" is centered over the middle of the image in a black serif font.

Thank you for your attention
