SDGs no. II "Sustainable Cities and Communities"

Target 11.6 By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention **to air quality** and **municipal** and **other waste management**

"

Why Air Pollution?

PM 2.5 Annual Mean Micrograms per Cubic

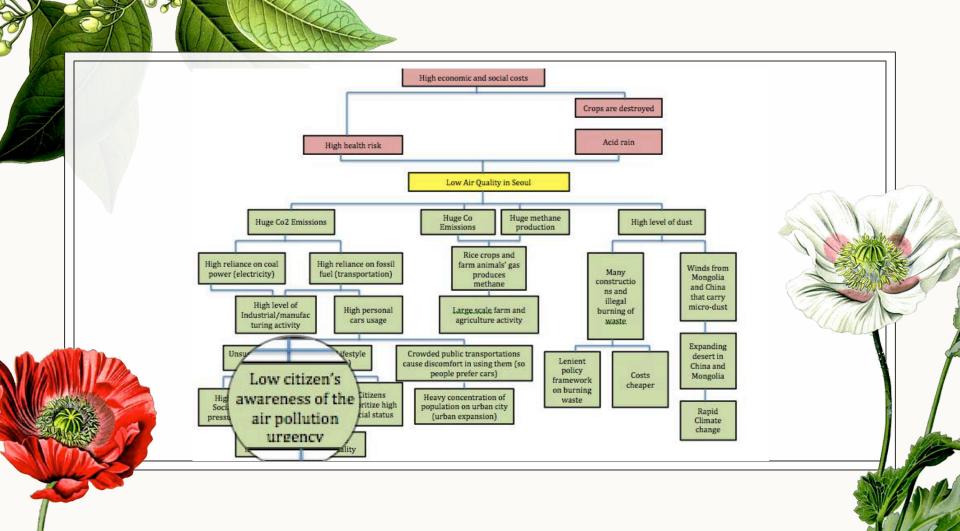

WHO (2017)

Delhi India 122 Dhaka Bangladesh 90 Karachi Pakistan 88 Beijing China 85 Ulaanbaatar Mongolia 75 Islamabad Pakistan 66 Mumbai 63 Kolkata 61 Shanghai China 52 Kathmandu Nepal 49 Guangzhou China 48 Colombo Sri Lanka 36 Hong Kong China 29 Bangkok Thailand 24 Seoul South Korea 24 Singapore Singapore 18 Manila Philippines 17 Tokyo Japan 15

I. Problem Analysis

"interested in environmental protection" *Ministryf of Environment South Korea* (2008)

20I0

Younger generations are more passive regarding environmental issues (Park Hee-jae, Huh Joo-young)

=Gap between

Level of participation of the younger generations in pro-environmental actions was much lower than their older counterparts

3. Objective Analysis

"Increasing awareness for sustainable lifestyle among the South Korean society, especially among youth"

City Scope: Seoul

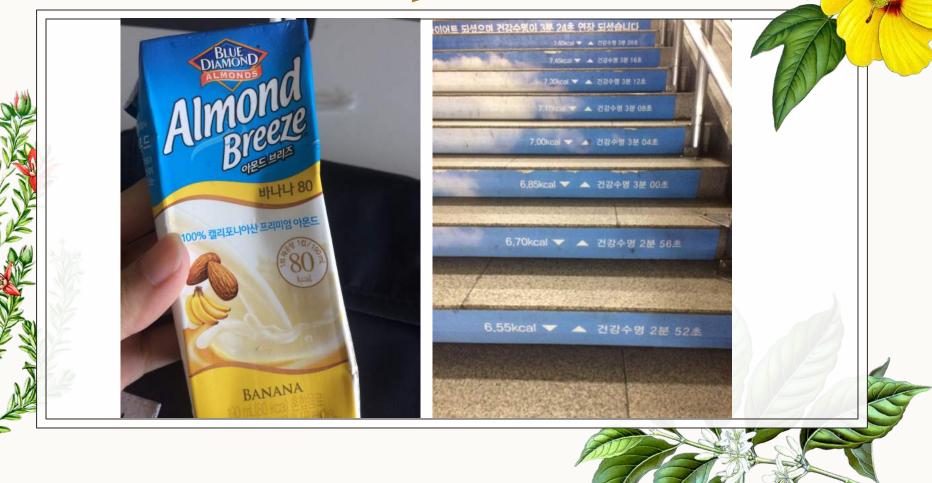

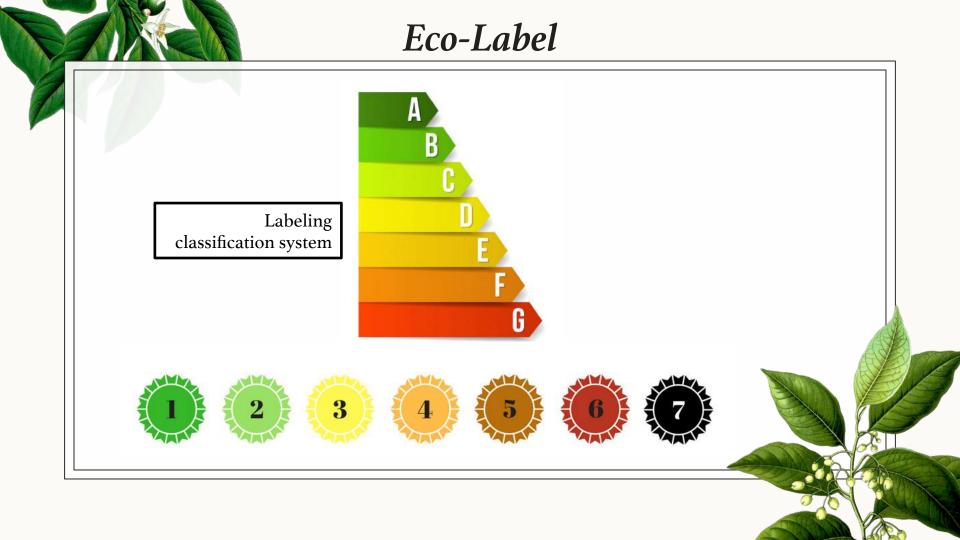

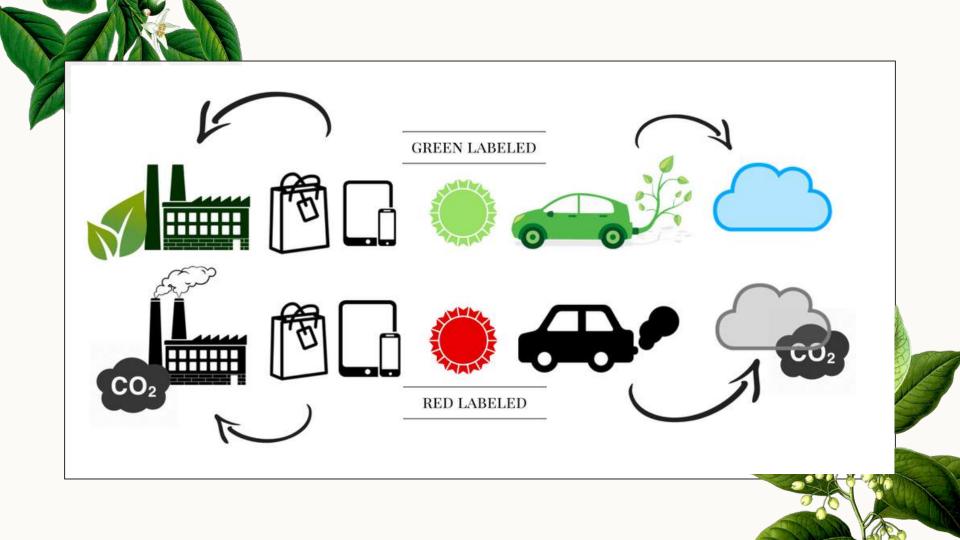

"Internalize green culture awareness with strategic 'choice architecture" to promote wise consumption" **Results:** the things used and bought by the citizens are more environmentally friendly

> 11 SUSTAINABLE CITIES 12 RESPONSIBLE CONSUMPTION AND PRODUCTION

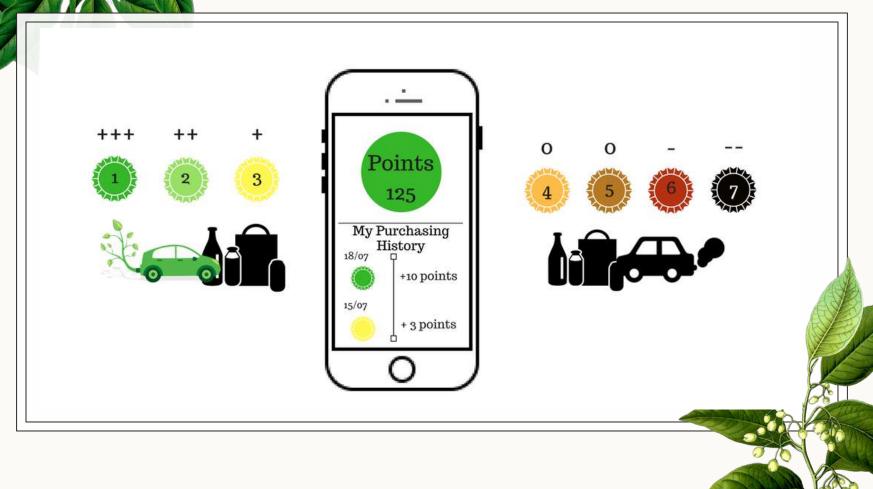

Our Inspiration

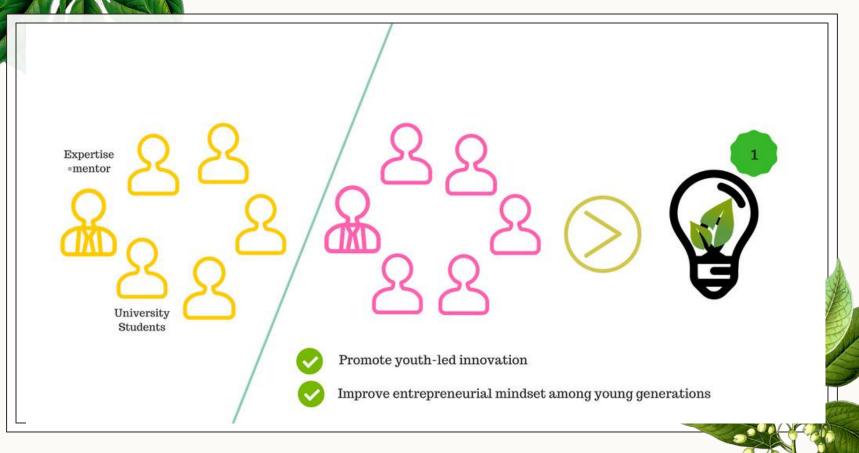

Rewarding System (Integrated App)

"Starting Local, Aiming Global" I. Experimenting \rightarrow 2. Benchmarking

Where is the position of youth?

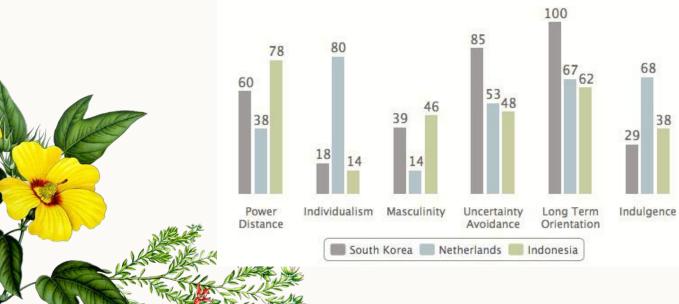

"Harnessing the power of youth-led ideas: bringing nature to life"

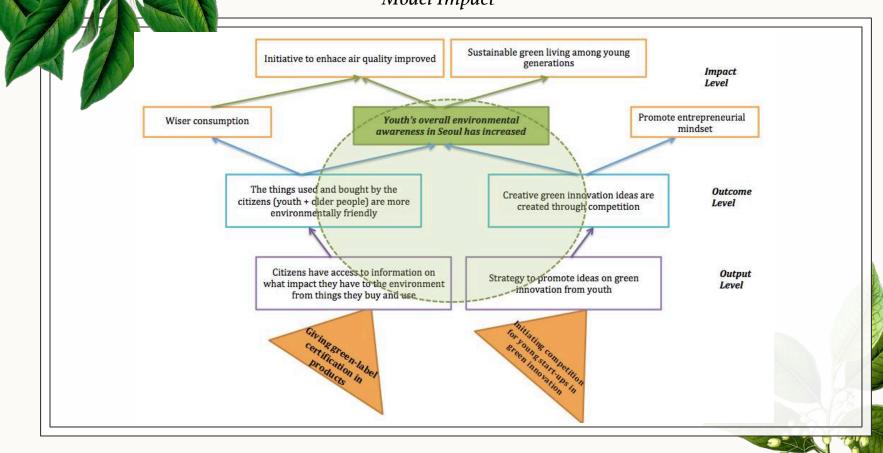

Social Impact?

South Korea in comparison with Netherlands and Indonesia

Model Impact

Think Green. Green Different. Green Big. Be Green.
